### **WARNING!**

- Contains flashing lights that may affect individuals with photosensitive epilepsy or other light sensitivities.
- This is not a toy. For visual entertainment only. Children should always be supervised.
- For indoor use only. Do not expose to direct sunlight.
- Made of glass. The product is fragile. Please handle with care.
- Choking hazard. Small parts may be generated.

### **Safety warnings:**

- Ensure the product is not damaged before installation. If any part of the product is damaged, do not attempt to assemble or use it.
- This product contains non-replaceable LEDs. If any LED stops working, the entire unit must be disposed of according to your municipality's regulations.
- Remove all packaging materials before installation. Do not use the product while it is still in its packaging.
- Keep it away from heat sources or open flames.
- Ensure the cable is positioned in a way that avoids any tripping, entanglement, or choking hazards.

- Ensure the product is placed on a stable, flat, and even surface.
- This product must be regularly checked for cracks or damage and should be disposed of if damaged.
- This product is not intended for use by persons (including children) with reduced physical, sensory, or mental abilities, or lacking experience and knowledge, unless they are under the supervision of a competent person responsible for their safety.

## 8. Instructions

1. Carefully remove the product from the packaging.
2. Ensure that a USB socket is within reach without stretching the cable too much.
3. After plugging the USB connection into the socket, press the ON/OFF switch on the cable to turn it on, and the light will change automatically.

Keep the packaging and instructions as they contain important information.
