4. Short description

Tasks that are made within the framework of a plastic box. The tasks have a clear beginning and a closed end. The material is uniform, durable, safe and hygienic. The one-task-boxes are specifically designed for children / young adults with autism and are aimed at development and learning. Adults and older people with a lower mental level can perform the tasks to maintain skills or as a relaxing activity.

5. Contents

This task contains 6 jars with lid. 1 large, 2 medium-sized, and 3 small jars.

6. Safety

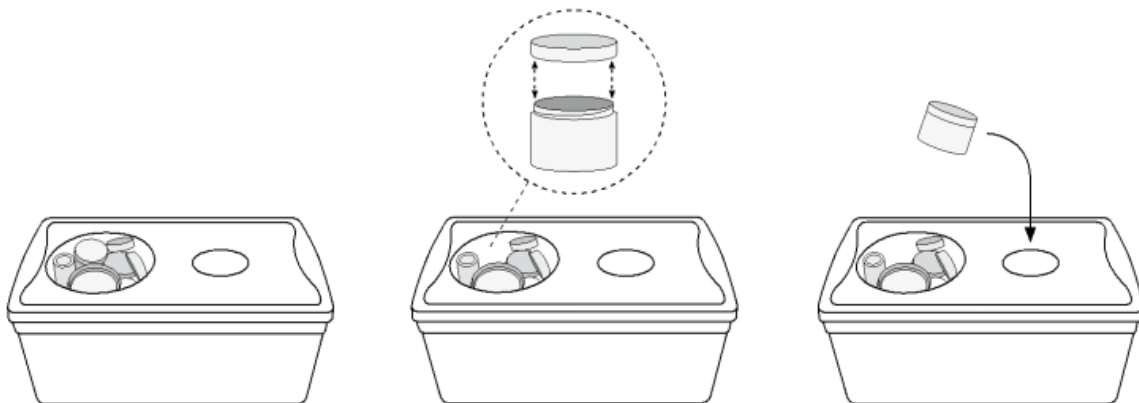

This product should be made under guided/adult supervision at all times. Because of the small parts, it is not suitable for children under 3 years of age.

7. Product materials

Plastic box (33x19x12.5 lxxh) provided with a plastic container, plastic jars and lids.

8. Assembly

No assembly needed. The game materials are not suited for disassembly.

9. Usage

In this task, the objective is to find the right lids for each size jar. There are 6 jars in 3 different sizes and 6 lids in 3 different sizes. The lids need to be screwed onto the jars and checked into the hole. This task promotes insight into sizing and develops motor skills.

Game end

The game ends when all jars have been matched and checked in.
