

1. Name of product

Illuminated ball pool 200 x 200 x 45 cm

2. Product code

24106008

3. Colour

4. Free colour choice

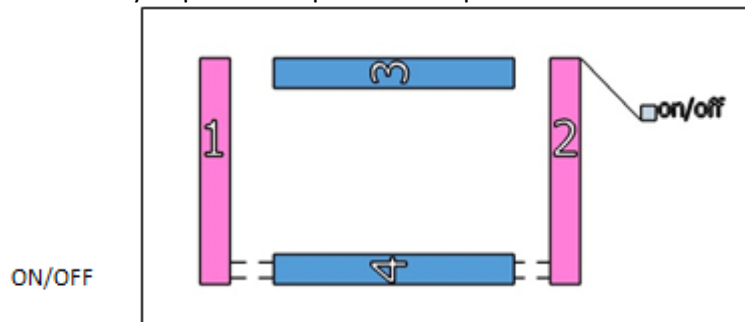

5. Short description

An illuminated ball pool that is suitable for our audience. Find total relaxation in this illuminated ball pool. The ball pool is easy to install.

***PLEASE NOTE:** The balls for the ball pool are not included.

6. In use

1. Carefully unpack the 2 packs and separate all 4 blocks as shown below

2. Place blocks 1 & 2 (with light bars) in front of each other and place blocks 3 & 4 on both sides as shown below.

3. Connect the 2 cables of block 4 to those of block 1 and similarly connect the 2 cables of block 4 to those of block 2.

4. Once the cables are connected, keep the cables in blocks 1 and 2 and continue connecting the 4 blocks using the Velcro system. You also connect the blocks to the base.

5. The last step is to connect the power cord of block 2 to the switch box and connect the box to the mains (220v to 100 volts).

6. Turn the ball pool "on" and enjoy!

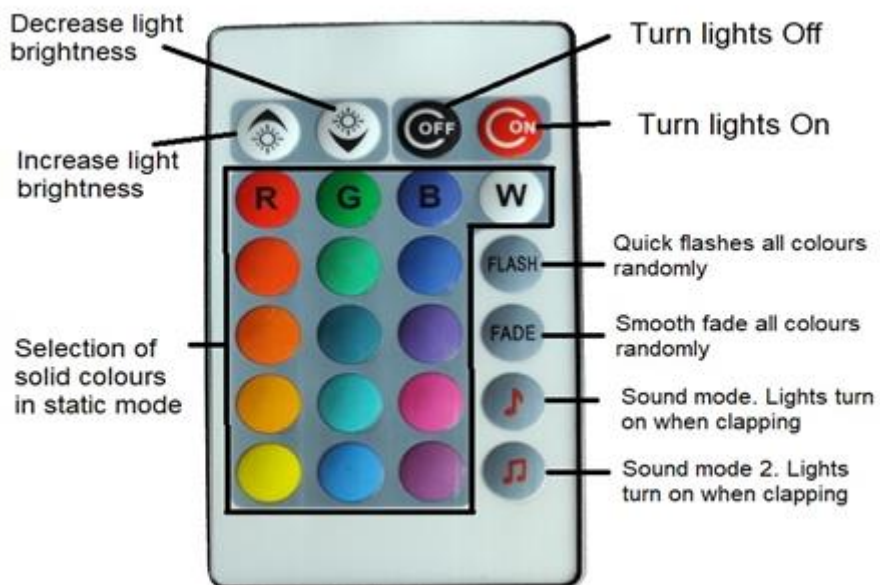

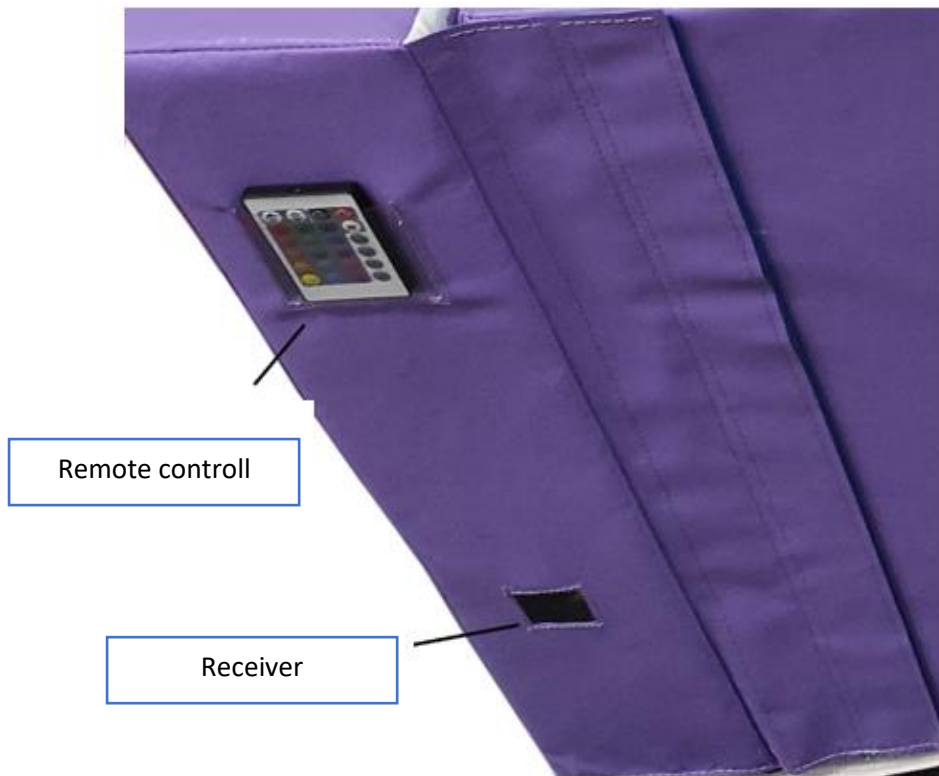

7. Sensory Stimulations

See, Feel, Proprioception

Remote control

In the vinyl compartment in block 2 (see picture) you will find the remote control. Remove the protective plastic from the battery. Aim at the receiver that is also in block 2. Then you can press "ON".

8. Specifications

1. With bisonyl lining in the colour of your choice; the 1st colour is the long side and the 2nd colour is the short side.
2. This ball pit is made of foam blocks connected with a velcro scratch system.
3. Two blocks have a frame on the inside with a light bar that illuminates the entire ball pit.
4. This light changes colour by making movements and sounds, for example clapping.
5. To improve the effect, it is recommended to fill the ball pool with transparent balls (balls not included).
6. Once the ball bath is connected you can choose 2 modes:
Mode 1: Fixed light, you can choose the colour.
Mode 2: Change light, let the light change by sound. Do this by clapping for example.

9. Included

- 1 x Illuminated ball pool (4 blocks)
- 1 x base
- 1 x Console
- 1 x Remote control (includes CR2025 lithium battery)
