

## 1. Name of the product

Large jellyfish aquarium - square

## 2. Product code

25353477

## 3. Colour

See image

## 4. Brief description

This Jellyfish Aquarium provides a soothing feeling. When someone looks at the aquarium, they will unconsciously focus on the moving (fake) jellyfish. As soon as the aquarium is turned on, not only do the jellyfish swim around, but the aquarium also provides light. Do you want an even more beautiful effect? Then place the aquarium in a dark room to enjoy it to the fullest!

## 5. In use

### Installing the aquarium

1. Remove the rubber cap from the top and slowly fill the aquarium with demineralized water (not included)
2. Connect the plug in the aquarium, then press the "on/off" button to turn the aquarium on. The same applies if you wish to switch off the aquarium
3. Add 5 to 6 drops of soap to the aquarium
4. Make sure that the aquarium is on for at least 30 seconds, before the jellyfish are placed in it.
5. Place the jellyfish upside down in the aquarium (rounded side down). This will prevent bubbles. Any bubbles can be removed with the enclosed tube.
6. Replacet he rubber cap.

### Changing colours

1. With the "select" button it is possible to vary between 5 colours.

## 6. Specifications
