

1. Name of the product

Glow Construction Blocks - set of 12

2. Product code

54530844

3. Colour

As image

4. Description

A set of construction bricks in two sizes that light up and change colour when they are turned. Children will love turning the blocks in their hands to see which colour they will change to next.

Set contains 4 x 15cm cubes and 8 x 7.5cm cubes. The image shows two sets of 12 being used.

5. Contents

4 x 15cm cubes and 8 x 7.5cm cubes

6. Sensory stimulation

Feel & Touch

7. Use

Step 1: set the slide switch to "on".

Step 2: Glow Construction cubes have a special sensor on the inside. Depending on which surface of the cube is at the top, the cube glows one or five vibrant colours, red, green, blue, yellow or magenta.

Step 3: when the battery cover is facing up, the cube is off.

8. Additional Information

- * The battery life depends on the selected colour.
- * The small blocks have a lifespan of approximately 100 hours or more.
- * The large blocks have a lifespan of approximately 50 hours or more.
- * Switch off the blocks when you are not using them, so the battery lasts longer.

9. Technical information
